

Hello my name is Miss Angie. I've been working with Gyoung children for over 17 years. I love children and enjoy being a part of their learning and growing process. Children are very smart, they learn so quickly (like little sponges).

My goal has always been to be the best teacher I can be, to try and always be a positive influence in your child's life. I am a parent myself and I understand that each child is unique and there are times children need gentle guidance to get them going. I also realize I am not perfect nor am I "you", so please feel free to approach me with any concerns or ideas you may have to help better care for your child. I am honored that you have placed your trust in me to be your child's preschool teacher.

The children are already eager to learn new and exciting things; we are looking forward to another wonderful year!

Miss Angie
